

Weedsport Free Library

Wireless Internet Policy

- Wireless access is permitted only during regular library hours. The wireless network is configured to turn off during closed hours.
- Remember that wireless access is insecure and your data may be viewed by other users on the wireless connection.
- There is no printing available from your laptop computer.
- The following actions will not be allowed in the use of wireless Internet:
 - Sending or displaying obscene or disruptive messages or images
 - Changing or adding files to the network
 - Harassing, insulting or attacking others
 - Violating copyright laws or software license restrictions
- Wireless users may configure their personal laptop for e-mail.
- Wireless users may download files to their personal laptop.
- The library is not responsible for loss of information or damage to the patron's personal laptop that might result from using the wireless network.
- Wireless usage is subject to monitoring to assure these rules are followed.
- The library staff reserves the right to ask wireless users to leave if they feel the patron is using the wireless connection inappropriately.
- Copies of "Wireless Internet Access Set-up Directions" and "Frequently Asked Questions" are available at the circulation desk.
